

## **Newsletter**

September/October 2021

### Welcome back

Welcome back to all our "old" friends and a special welcome to the new friends who have joined us for the first time after our summer break. We hope that you all have fun here at Explorers Nursery.

### Themes:

We shall be looking at numbers, shapes and colours and at our families.

We shall be learning Nursery Rhymes

### Parking:

There is sufficient parking at the front of the Nursery for four cars; please park considerately to maximize the available space and reverse park.

### Food:

We received our Level 5 Food Hygiene Certificate for our kitchen, and we hope that you have all had an opportunity to see our new menus; they will be displayed on the front door and posted on Tapestry.

### Opening Hours

Please note that our opening hours are as follows:

7.45am to 5.30pm

### New Arrivals

Congratulations to:

George, on the arrival of his new sister, Matilda.

Tilly, on the arrival of her new sister, Charlotte

### Spare Clothing and Waterproofs:

With winter on its way, please can all children have All-in-Ones or waterproofs and wellies, all labelled clearly.

Water bottles:

Thank you to all those who have brought back their water bottles. Please bring in a labelled, named water bottle because we find this really encourages your child to drink more water.
